Aluminum

Back Painting

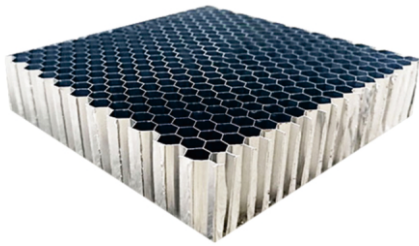

Advantages

1. Fireproof: Aluminum is a non-combustible material with good fireproof performance.
2. Environmentally friendly aluminum honeycomb panels are pure aluminum products. Does not volatilize any harmful gases to the human body. No radioactivity.
3. Due to the light weight, Aluminum Honeycomb Panel easy to transport.

Parameter

Product	Aluminum Honeycomb Panel					
Specification	300x600	450x600	600x600	900x900	1200x1200	Width 2500mm
	300x900	450x900	600x900	900x1200	1200x1500	
	300x1200	450x1200	600x1200	900x1500	1200x1800	Length 6000mm
	300x1500	450x1500	600x1500	900x1800	1200x2400	Thickness : 5-500mm
	300x1800	450x1800	600x1800	900x2400	Customized Size	
	300x2400	450x2400	600x2400	1220x2440		
Material	Aluminum Alloy					
Application	Architectural decoration, Vehicles and Ships, Aerospace, Advertising Panel, Equipment Table					

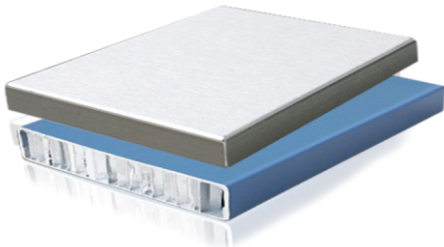

1.Hexagonal honeycomb

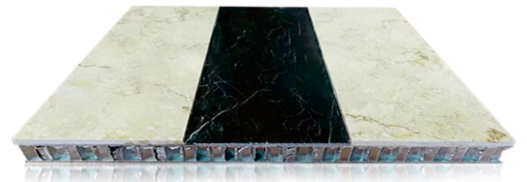

2.Strong tolerance

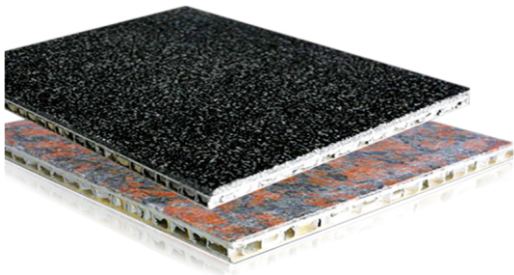

3.Sound insulation, heat insulation, heat preservation

4.Fire protection GB-8624-B1

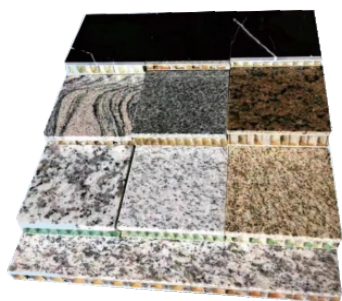

5.Corrosion resistance

6.Variable color

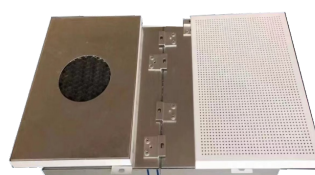

1.Stone

2.Sealing edges

Surface aluminum folding edge
PVC edge banding
Aluminum profile edge banding

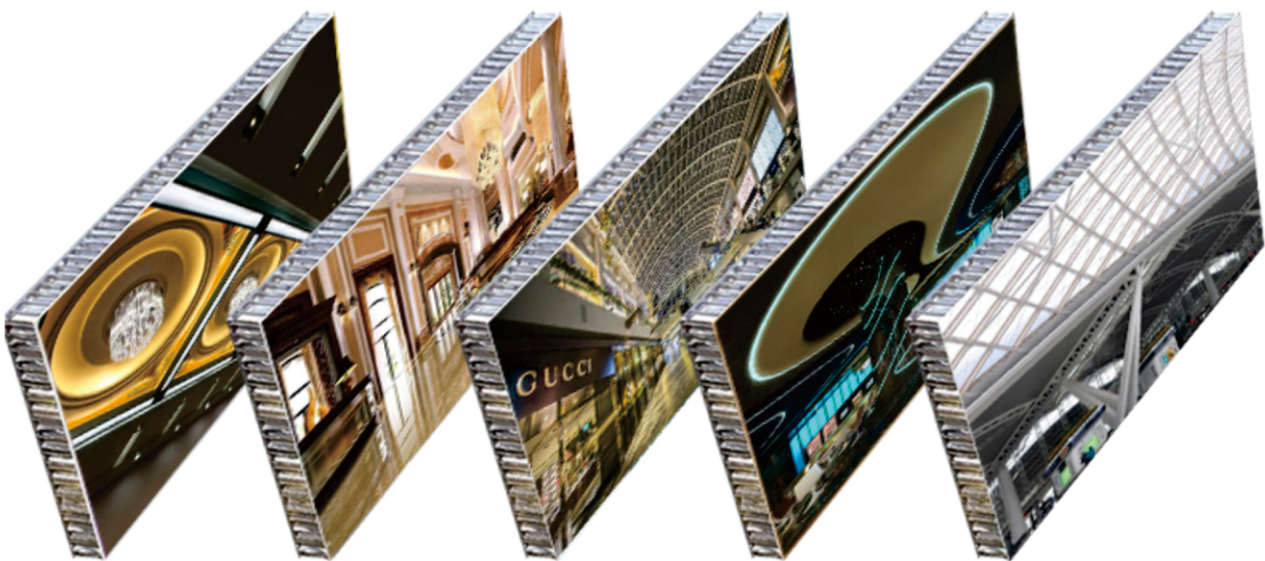

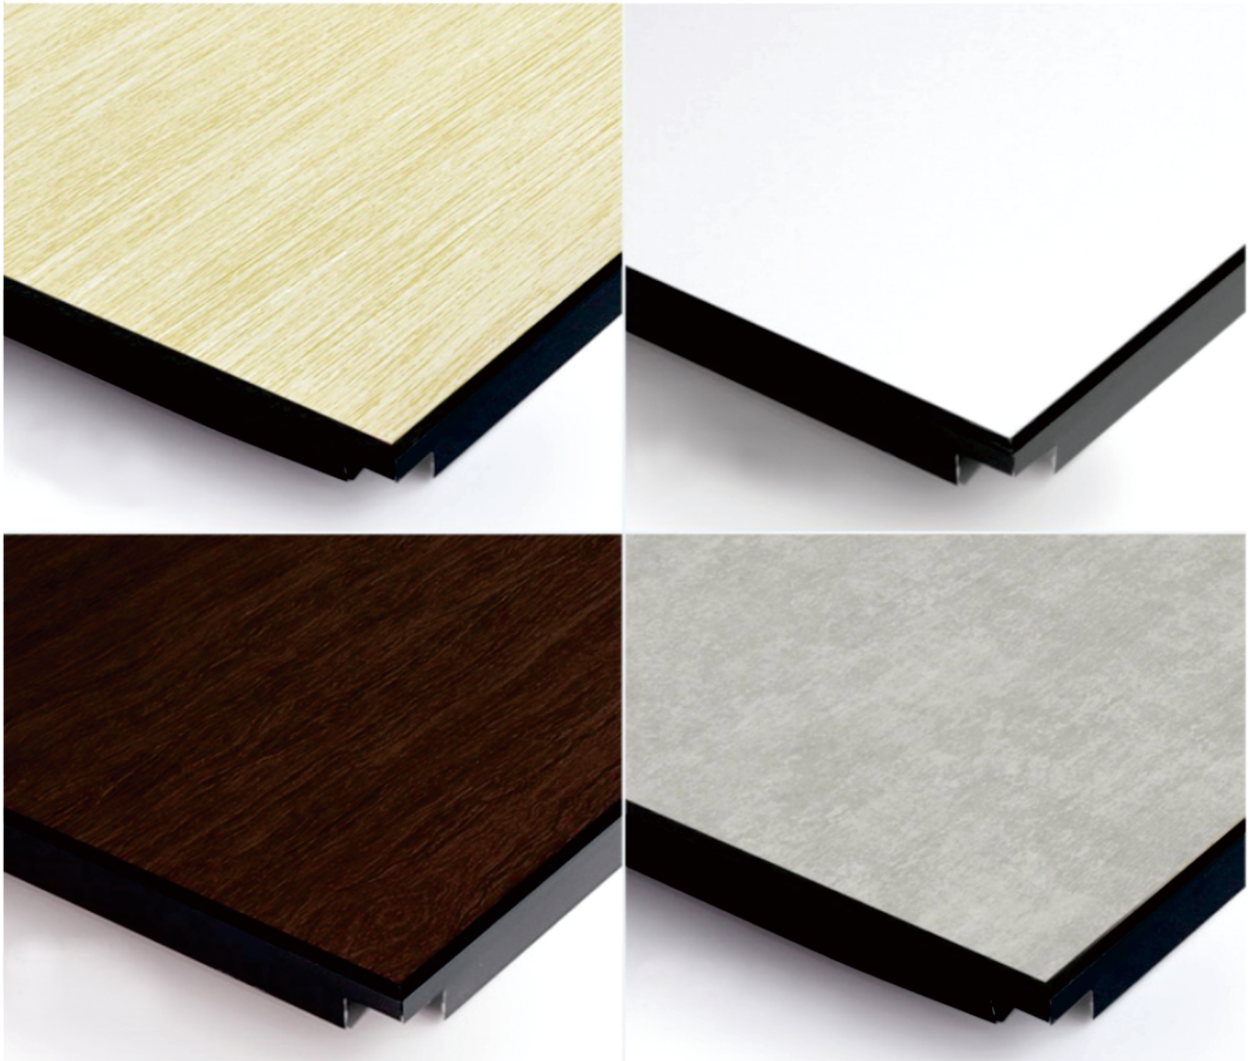

3.Anodised Finish

4.Stone ceramics
